Learning Behavior Specialist 1 (LBS1) Endorsement

The Learning Behavior Specialist 1 (LBS1) endorsement achieved through the completion of 4 courses and the LBS1 test #155 can now be applied for and issued as a K-22 endorsement regardless of the current teaching grade range held by the educator. More details can be located on the [Special Education](#) page of the Illinois State Board of Education (ISBE) website and testing information can be found on the [Illinois Licensure Testing System \(ILTS\)](#) website. For example, this means that even though a Professional Educator License (PEL) is only K-9 endorsed, an educator could apply to be evaluated for a K-22 LBS1 endorsement. ISBE will not retroactively extend a previously issued endorsement for those who hold the LBS1 at other grade ranges, but individuals may apply for the K-22 range to be added. The endorsement may not be issued automatically. If there have been changes to the content requirements of the endorsement since originally issued, individuals need to meet the updated requirements before the K-22 LBS1 endorsement can be issued.

The Regional Office of Education (ROE) can provide the requirements for endorsements; however, only ISBE can indicate whether previously completed coursework meets the requirements for a specific endorsement. The state will only complete evaluations if an individual applies. The state also does not provide the ROE with a list of specific qualifying content courses out of state or in Illinois. The only information the ROE can provide about qualifying coursework is that courses for licensure must be completed at a regionally accredited institution, be "C-" or higher, must be 100-level or higher and must meet the content area requirements for the requested endorsement. If an educator applies, ISBE conducts an evaluation on all transcripts on file. If an educator does not qualify for the endorsement at the time of application, the state issues a deficiency letter explaining what the educator still needs to obtain the endorsement. The evaluation will be valid for the remainder of the fiscal year in which the evaluation is originally completed plus two subsequent fiscal years. Individuals must submit official transcripts from all colleges/universities attended for the coursework from those colleges/universities to be applied toward the evaluation. Transcripts already on file do not need to be re-submitted. Educators can see the list of documents uploaded into their Educator Licensure Information System (ELIS) account by viewing the **Images** tab. A paper transcript is considered official if it is still sealed in the envelope as prepared by the college Registrar. Paper transcripts can be sent to the ROE at the address listed above. ISBE will accept electronic transcripts from reputable sources such as E-script **IF** you request that the electronic transcript be e-mailed directly to Melissa Esquivel at mesquivel@willcountyillinois.com. The ROE **cannot** accept electronic transcripts that are copies of what an individual received from a service. Applications are completed online through ELIS:
